

IKS COLLECTION

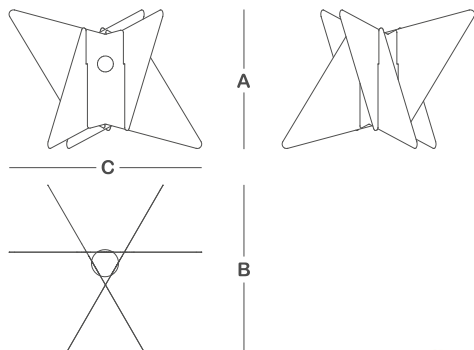

Come tutte le lampade JOIN-LAMP, anche la collezione IKS è realizzata grazie al caratteristico sistema di assemblaggio brevettato e propone l'abbinamento dei componenti flessibili in polipropilene, ad altri materiali come l'acciaio ed il legno esplorando nuove direzioni e forme contemporanee.

Like all JOIN-LAMP lamps, also the IKS collection is produced by the characteristic patented assembly system and proposes the combination of flexible polypropylene components with other materials such as steel and wood to explore new contemporary directions and forms.
